

## Marching Band Uniform Contract/Care Instructions

ALL marching band students should have received a Marching Band Uniform Contract AND a copy of the Marching Band Uniform Care Instructions at rehearsal yesterday. Both are attached for your convenience.

- Instrumentalist contracts were personalized with name, section, grade and the inventory numbers for the loaned uniform pieces. Students received two copies: one to sign and return and one to keep for your records.
- Color Guard members received only a blank contract.

Please complete the remainder of the contract, including signatures from student and parents, and place in the grey drawer for forms in the band room by **October 11, 2017**.

Remember that the following uniform pieces are owned by the BAND:

- Bibbers (overall pants)
- Sleeveless Jackets
- Celestial Project Long-sleeved Tops
- Color Guard Costumes

It is the responsibility of the student to launder and care for them properly so they are returned in good condition.
